

# Check out library eBooks and eAudiobooks using Libby

## Install the Libby app

Visit your device's app store to download and install the free Libby app available for iOS (Apple), some Android devices, and Windows 10+.

## Create an account

Follow the prompts to set up your account. If you have an OverDrive account, you can use it to sign into Libby. Libby and the OverDrive app both connect to eMediaLibrary.

Your library card number is on the back of your library card. If your PIN was never changed, try entering the last four digits of the first phone number listed on your account. If you have no phone number on file, the default is 512018. If your PIN needs to be reset, please contact the library.

## Get books

On the bottom of the screen, tap **Library** if it is not already selected. Browse or search the eMediaLibrary site through the Libby app.

If a book is checked out, tap **Place Hold** to add yourself to the waiting list.

To select a book, tap **Borrow**.

## Enjoy your book

Tap on the **Libby icon** for options such as choosing whether to read eBooks in the Kindle or Libby app.

Borrowed titles appear on your **Shelf** and download to your device automatically when you're connected to Wi-Fi so you can read them offline.

No overdue fees — eBooks and eAudiobooks return themselves.

## From your shelf, you can:

- Tap **Open Book** or **Open Audiobook** to start reading or listening to a title.
- Tap **Manage Loan** to see options like **Renew**, **Return**, or **Send to Kindle** to send a Kindle eBook to the Kindle app or a Kindle device.
- Tap **Manage Hold** to cancel a hold or check out an available hold.
